

IMAM MAHMUDA

Software Engineering graduate (2026) with a strong interest in full stack web and mobile development. Enjoys turning ideas into working applications, learning new frameworks and tools, and solving problems through clean, well-structured code. Eager to join a Full Stack Developer role where I can keep growing, contribute meaningfully, and learn from a collaborative engineering team.

WORK EXPERIENCES

- **Full Stack Developer (Intern)** – Internship
PT Inovindo Digital Media | Padang, Aug 2025 – Dec 2025 (5 Months)
 - Built a full stack Learning Management System (LMS) website, covering front-end UI, back-end logic, and database design using Laravel and MySQL.
 - Integrated the Midtrans payment gateway for seamless online payment processing.
 - Collaborated with the team on system testing, debugging, and performance optimization across the full application stack.

EDUCATION

- Padang State Polytechnic, Padang, 2022 – 2026**
Diploma IV in Software Engineering Technology [GPA : 3.40]
- Software Engineering Technology graduate, 2026
 - Built strong fundamentals in software engineering, including system analysis, design, database modeling, and testing
 - Applied full stack web & mobile development and UI/UX design

EXPERIENCES

- **Pertukaran Mahasiswa Merdeka** – Merdeka Belajar Kampus Merdeka (MBKM)
Universitas Padjadjaran, February 2024 – May 2024
 - Participated in the Merdeka Student Exchange program organized by the Ministry of Education and Culture, gaining experience working in teams with students from diverse backgrounds.
 - Enhanced collaboration, communication, and adaptability skills in a multicultural environment.

PROJECTS

- Learning Management System (LMS) – Internship Project**
PT Inovindo Digital Media | Laravel, MySQL, Midtrans
- Developed class management, quiz, and course-purchase features, integrating Midtrans payment gateway for secure online transactions.
- Tourism Review Analytics Platform – Final Project**
Politeknik Negeri Padang, 2025–2026 | Next.js, NestJS, FastAPI, Flutter, PostgreSQL
- Built the web dashboard, backend services, and mobile app, then implemented sentiment analysis and topic modeling using indobert and bertopic on 12,000+ Google Maps reviews.

SKILLS

Hard Skills	Soft Skills	Software Skills
• Backend Development • Frontend Development • RESTful API Integration • SQL & Database Fundamentals	• Time Management • Team Work • Communication • Analytical Thinking • Detail Oriented	• VS Code • Laravel • Next.js • MySQL • Git
